

Tuesday 16th November 2021 - Parish Council minutes

9. To review progress on developing a Westerfield Neighbourhood Plan

Following the Exhibition and Public meeting held to gauge support for the proposal to create a plan there were sufficient volunteers interested to provide a working group. This group has met and noted the timetable recommended for initial questionnaires and writing the plan. It was agreed to minute and publish this and future meetings.

The Parish Council is expected to work closely with East Suffolk DC to ensure help is given and that no delays are experienced. A meeting to sign a service level agreement is to be arranged at an early date.

Ian Poole of Places4People who advised the Parish Council at the Exhibition and Public Meeting has experience of assisting Councils with Neighbourhood Plans and it was agreed that he should be invited to submit a proposal for giving advice to the Council and Working Group.
